Subject: Letter of Recommendation

Luis Rodriguez and his crew at Lifetime Custom Painting recently completed an extensive painting job for me at my home in Coronado. The work included sanding, prepping and painting and staining all the doors, windows, gates and pergolas; repair and painting of exterior stucco; and sanding and varnishing of interior door sills. The crew was at my house for two weeks.

I was very pleased with outcome and the quality of the work. The painters were meticulous and I was impressed with their attention to detail in both the prep work and the final painting. Mr. Rodriguez walked through the job with me and then followed up immediately to have additional work completed after I requested it. He was responsive and customer oriented.

I was impressed also with the manner in which Mr. Rodriguez and his crew conducted themselves while on the job. His crew has been with him for many years. They were unfailingly courteous, unobtrusive, and respectful of my home and my family.

Sincerely,
