Luis,

I want to thank you and your employees for transforming the interior of my home into a beautiful, warm, inviting place to live.

My white floors, ceiling and walls gave the feeling of living in a hospital. I knew I wanted a change but didn't know what color(s) would work well with my furniture. You were so helpful in explaining all the possibilities, and showing me that having just a couple of accent walls can make a huge difference in the feel of a room. I am so happy with the colors "we" chose and the quality of the work is as good as it gets.

Your employees were always on time, hard working, fast, and courteous. You made it easy for me by picking up all the paint and including that cost in the price of the job. Other estimates I got wouldn't give me a total cost, just an hourly rate, and weren't able to tell me how long the job would take. I was very impressed with your professional manner, and I know that the work I received was at a competitive price. I will definitely use you again and will pass your card along to my friends.

Sincerely,
Jillian
