To whom it may concern:

I had LifeTime Custom Painting paint my 1924 Spanish bungalow that was in very bad shape with a deadline of two weeks. They had to re-stucco most of the house and repair termite damaged windows. The preparation was well done to say the least.

I highly recommend Luis Rodriguez and his outstanding crew. They were friendly, prompt, careful, and courteous. My house looks wonderful. They were the first workers I've ever hired that finished on the exact completion date set at the time of the estimate. Hooray for LifeTime Custom Painting!

Sincerely,
