Dear Luis:

I am writing this letter as a way of thanking you for your continued friendship and business relationship. As I sit here it is hard to believe as much time has passed since that day in 2004 when we first met. I was initially impressed by your professionalism in our business dealings, and the months and years since have proven that professionalism is matched by the quality of your workmanship as well. The work Life Time Custom Painting has done for our company and me personally has always been of the highest quality.

A general contractor specializing in custom remodeling as I do entrusts his reputation to the work that his "team members" do and has to have confidence in that work. I am happy to say that you are the first, and only painting contractor I look to for any type of painting need I have, both professionally and personally. I still receive compliments regularly for the work you did on both the interior and exterior of my house and other projects you have done for us. I recommend you with complete confidence to all of my clients and friends.

I am enclosing several photographs of work you have done on projects for us, please use them as examples of the quality work you regularly do.

Sincerely,

Scott VanArsdale
President
